### SUMMARY:

Seeking an opportunity to utilize my skills and qualifications in a collaborative environment, making a meaningful impact and advancing my professional journey. Passionate about joining a dynamic team where I can utilize my skills and abilities to deliver exceptional results and contribute to the company's growth.

### AREAS OF EXPERTISE:

- |          |              |
|----------|--------------|
| ✓ Python | ✓ HTML       |
| ✓ Django | ✓ CSS        |
| ✓ SQL    | ✓ JavaScript |

### PROJECTS:

#### Courier Management System

The Courier Management System website is designed using HTML, CSS, JavaScript, and Django framework. It comprises multiple pages including an admin login, branch management, and staff login pages. Through this system, administrators can manage branches efficiently while staff members can access relevant functionalities for courier handling and tracking.

#### E-Commerce Website

The E-commerce website developed with Django, HTML, CSS, JavaScript, and Bootstrap facilitates smooth online shopping experiences, ensuring secure transactions and organized product browsing. It integrates essential features like user authentication, product management, and responsive design for optimal functionality across devices.

#### Registration Form

In this mini project i have created CRUD operation, using HTML and Python and Django.

#### Personal Portfolio

Designed and developed a personalized portfolio showcasing my skills and projects. Using HTML,CSS and JavaScript

### CERTIFICATIONS:

- |   |  |
|---|--|
| ✓ IBM Certificate<br>Python                 | ✓ SQL Certificate<br>Basic Level                       |
| ✓ Python Certificate<br>(I.T.Vedant + MKCL) | ✓ Web Designing Certificate<br>(HTML, CSS, JavaScript) |
